June 1992

Have prepared over 3000 museum study skins

Collection Experience

Academy of Natural Sciences; 1999-present, databased nearly 15000 new specimens;
1999-present, organized and databased 15,000 frozen tissue samples;
1999-present, processed over 100 loans (skin and tissue) of ca. 2000 specimens
and answered 400 information requests per year;
2000-2002, moved 200,000 study skins to modern steel cabinetry (responsible for
all fund-raising, planning, ordering, budget management, and supervision of staff
and volunteers)
University of Kansas; 1998, moved skeleton and skin specimens in preparation for
transfer to modern cabinetry.
