

Fees for Publication

The Academy Library and Archives provides high-resolution digital images of collection items for publishing purposes such as books, scholarly journals, exhibitions, documentaries, and other similar uses. Image fees are per-image and are based on the publisher's status as a nonprofit or corporate entity.

Those interested in publishing Academy images must complete an Image Publication Agreement form provided at the time of request. All requests are subject to approval.

Below lists our standard image specifications. Please note that we may not be able to accommodate all specifications depending on the nature of the materials being requested.

- 300-600 ppi at original size, 24-bit color, uncompressed TIFFs
- Suitable for publications, exhibitions, documentaries, and other similar uses
- Taken in-house with overhead camera or flatbed scanner

	First image (per request)	Additional images (per image)
Personal research, educational, or other non-commercial use	waived	waived
Non-profit status	\$25.00	\$5.00
Corporate status	\$50.00	\$15.00

Once images are provided and paid for, any request for additional images is considered a new request, and the first-image fee is applied.

Fees are for non-exclusive one-time use of a single image. Prices are subject to change without notice.
