ANS. COLLECTIONS-ENTOMOLOGY. Papers, 1904-1953.

Catalogs, lists, memoranda, related correspondence concerning the collections of the Entomology Department.

Probably archived from the files of the Academy's Entomology Department in 1964.

4 1/2" Coll. 736

ANS. ENTOMOLOGY DEPARTMENT. History.

Papers concerning the history of the Academy's  
Entomology Department.

No information on accession.

1 File

Coll. 737

REHN, JAMES ABRAM GARFIELD, 1881-1965. Papers,  
1930-1953. 34 items.

The collection concerns Rehn's later surveys  
and projects, arranged by geographical location.

Archived from files of Dr. Rehn in 1964.

Coll. 738

REHN, JAMES ABRAM GARFIELD, 1881-1965. Diaries,  
1898-1963. 28 items.

Field trip diaries from expeditions to Colombia,  
Costa Rica, Jamaica, Honduras, the Matto Grosso in  
Brazil, Africa and throughout the United States.

Given to the Academy by John Rehn, 1965.

25<sup>00</sup> Coll. 739

43

BROWN, OTWAY H                      1877-1946. Plants of Cape  
May County, N.J., 1893-1831. 1 item.

Manuscript on the plants of Cape May County, New Jersey, arranged taxonomically, bound, 158 pages and a photocopy of a typed transcript of 177 pages, made by Mildred D. Hiers and dated June 30, 1948, with annotations probably by Mrs. Hiers. The copy was made from a typed original owned by Robert C. Alexander, on April 21, 1965.

The collection's provenance is complex; the manuscript was apparently received by the Cape May Geographical Society from the personal papers of Otway Brown at his death, and was deposited in the Academy archives by Horace G. Richards, president of the Geographical Society, in 1954.

2" Coll. 740

GORDON, SAMUEL GEORGE, 1897-1952. Papers, 1910-1948. 51 pieces.

Biographical papers.

Archived from Gordon papers found in Academy's basement storeroom in September, 1965.

$\frac{1}{2}$ '' Coll. 741.

WHERRY, EDGAR THEODORE, 1885-1982. Correspondence  
and writings, 1902-1927. 346 items.

Dr. Wherry, a botanist, carried on correspondence  
on mineralogy with Samuel G. Gordon, the Academy's  
geologist, from 1912-1927. The collection also  
includes 3 volumes of Wherry's collected writings,  
1902-1920.

No information on accession.

7 1/2 "

Coll. 742

REHN, JAMES ABRAM GARFIELD, 1881-1965. Correspondence, 1900-1959. ca.14,500 items.

Dr. Rehn's correspondence for the Academy's Entomology Department, with carbon copies of his responses interfiled with incoming originals.

Archived from the office files in the Entomology Department and subsequently from his home files by his son, John Rehn, in 1965.

(22 Refs) 110" Coll. 743

BOLIVAR, IGNAZIO, 1850-  
1 item.

Letter, 1900.

Letter dated 1900 to the American Entomological Society.

Deposited by the American Entomological Society, date not known.

Miscellaneous letters of various dates concerning bird sightings in Pennsylvania and New Jersey.

Given to the Academy by the Delaware Valley Ornithology Club, date not known.

1 file

Coll. 752

BUTCHER, R W Notebooks, 1937-1952.  
16 items.

Field observations of English algologist R.W. Butcher, first to use glass slides to collect diatoms, that were published in his Studies in the Ecology of Rivers.

Given by the author to Dr. Ruth Patrick, who deposited them in the Academy archives on Dec. 20, 1965.

10<sup>66</sup> Coll. 753

104  
WILLIAMS, ROSWELL CARTER, 1869-1946. Papers,  
1929-1946. 40 items.

Williams's correspondence, 1929-1946, with V.  
Nabokov and others, the itinerary of the Forbes  
Expedition to the Guianas, 1927, and other items.

Archived from the Entomology Department on  
Sept. 8, 1966.

267

Coll. 754

CRAMPTON, HENRY E 1875-1956. Papers on mollusks. app. 5,000 items in 12 containers.

Correspondence, field notes, maps, charts, and original data, all unprocessed save for oversize drawings.

Transferred to the Academy archives by R. Tucker Abbott, Curator of the Academy's Malacology Department, date not known. ca. 1960

DS

Coll. 755

beginning  
Processed <sup>beginning</sup> March 2004 by CES.

Includes much original data and manuscripts relating to land snails of Tahiti.

Original records for collections and research on South Pacific land snails, many of them now extinct, including field notes.

Biogeographical and personal information included.

Much of the original data are morphometric measurements and statistical analyses.

Original box 12 (of 12) contained numerous negatives of landscapes and geography of Guam, Saipan, and other Pacific & SE Asia locals, with correspondence with U.S. Office of Strategic Services, 1944.

111

BROWNE, PETER ARRELL, 1762-1860. Papers. 1 folder  
and 12 volumes.

P.A. Browne, a Philadelphia lawyer, contributed many botanical and geological specimens to the collections of the Academy, including 12 albums containing his collection of the hair of mammals. Volumes 1-2 contain the hair of famous Americans including the first twelve Presidents.

Given to the Academy in September, 1860, at Browne's death.

272  
Coll. 756

LONG, BAYARD, 1885-1969. Papers. 4 document cases.

Bayard Long's botanical papers include C.L. Gruber's notes on Crataegus, A. MacElwee's herbarium collecting records, and Academy Herbarium correspondence of D. Fretz, Joseph Crawford and Stewardson Brown. Collection unprocessed.

Archived in part from the Academy's Botany Department and in part by A.E. Schuyler from Long's home in the summer of 1966.

17 1/2"

Coll. 757

RATHVON, SIMON SNYDER, 1812-1891. Diary, Jan. 1881-March 1888. 2 items.

Vivicopy of Rathvon's original diary at Franklin and Marshall College, Lancaster, Pennsylvania, microfilm of original, and vivicopy of biographical sketch of Rathvon by Dr. F.W. Coding, published in Official Publication No. 4 of the Pennsylvania Horticultural Association [n.d.]

Vivicopies were given to the Academy by Franklin and Marshall College on March 3, 1967.

211

Coll. 758

The microfilm was returned to F+M College in March, 2005, in exchange for a complete presentation + DVD disc. F+M had lost their copy - ECo

PATE, VERNON SENNOCK LYONESSE-LIANCOUR, 1903-  
Correspondence, 1921-1953. 4 folders.  
Unprocessed.

Letters exchanged with Academy and the American  
Entomological Society, found in Dr. Pate's desk in  
the AES office.

Archived from the Entomological Department in  
1966.

LAESSLE, ALBERT, 1877-1954. Sculpture and papers relating to them, 1906-1985. 16 items.

Albert Laessle was a Philadelphia sculptor who studied with Charles Grafly and shared Grafly's studio at 20th and Cherry Streets, Philadelphia. His best-known Philadelphia work is probably the standing "Goat" in Rittenhouse Square. The Academy's sculptures are the following; "Turtle and Prey" (1906), "Turning Turtle" (1906), "Polar Bear Standing" (1908), and "Victory" (1918). The collection also includes a medal designed for the University of Pennsylvania for merit in architectural ornamentation (1919), and four photographs found in the Academy's Exhibits Department in 1982, and identified by the archivist as Laessle and Grafly.

"Turning Turtle" and "Victory" given to the Academy by Laessle's son, Paul Laessle, in 1980; "Turtle and Prey," "Polar Bear Standing" and the medal given by Paul Laessle in 1985.
