Add an Extra Adult to Your Membership

Would you like to give your nanny, family member, or friend access to your Academy membership benefits—including free general admission to the museum? Members can now add one extra adult to their membership for just \$20 per year. The person you add does not need to be part of your household, will receive a membership card with his or her name printed on it, and will receive the same benefits that you already enjoy while visiting the museum. This extra adult will also need to be renewed each year when you renew your membership. You can make this addition at the admissions desk on your next visit, or by completing the form below and mailing it to the Membership Office. Thank you for your support of the Academy!

Member Admission Policy

Any adult who wishes to gain free entrance to the museum must have his or her name listed on a member card. This requirement aligns with the longstanding guidelines of Academy memberships, which are nontransferable; only those individuals who purchase the membership may use the member card to gain free entrance into the museum.

The exception to this rule occurs within our Family Plus membership level and above. Members in these categories may bring up to two guests during visits to the museum. In this case, the Family Plus membership holder must also be present for the guest to receive free admission into the museum.
