

Kids Club May Activity Sheet

THE ACADEMY
OF NATURAL SCIENCES
of DREXEL UNIVERSITY

Activity #1: Our special exhibit, *Tarantulas: Alive and Up Close* closes on May 30. Be sure to visit our hairy friends one last time and see if you can find the other arachnids in the exhibit! Tell a staff member about your findings.

Activity #2: There is a very special weekend on June 4–5 at the Academy dedicated to a specific type of reptile. Do you know which reptile? There's a hint on the back! _____

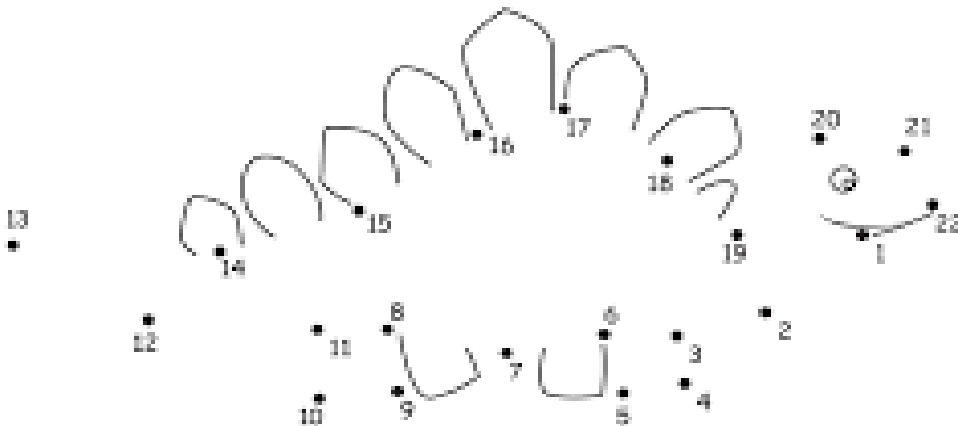

Get your **May** stamp at the Visitor Services Desks. Do you have **eight** stamps yet? **If you do, it's time to collect your prize in the Academy Shop! New prize available!**

Regular Hours:
Monday–Friday,
10 a.m.–4:30 p.m.

Weekends and
Holidays,
10 a.m.–5 p.m.

Connect the dots to figure out the subject of our next special exhibit!

What do you think our next special exhibit is about?

Answers to back: 1. fifty, 2. 200, 3. omnivores, 4. reptiles, 5. cold blooded, 6. Antarctica

Now Open!

Tarantulas

Alive and Up Close

January 30—May 30

In the Academy's newest hands-on exhibit, *Tarantulas: Alive and Up Close*, you will come face-to-face with a stunning array of live tarantulas...fangs and all.

Get excited for our upcoming special weekend and finish filling in all of the fun facts below! Then, use the letters that are **bolded** and *italicized* to finish the sentence at the bottom!

1. A *turtle* shell is made up *of* about _____ bones.
2. Turtles *have* existed for over _____ *million* years.
3. *Turtles are* _____, meaning *they* eat both *plants* and animals.
4. Ants are *insects* and turtles are _____.
5. *While* humans are *warm* blooded, *turtles* are _____.
6. Turtles have been *known* to live on *every* continent except _____.
7. *Do* you know the answer yet?

Our upcoming special weekend is

_____!

Didn't know any of the above answers? Visit us on June 4–5 and find out more about Turtles, Tortoises, and Terrapins!

Answer to front:
Activity #2–Turtles
