

ADOPT-A-CRITTER

How to Make a Difference

Your participation in the Adopt-A-Critter program helps us to care for the live animals in *Outside In* and offer our educators essential teaching tools. This signature exhibit is a place for our youngest explorers to develop a passion for nature through hands-on activities and up-close live animal encounters.

Your personalized Adopt-A-Critter plaque will be an enduring fixture in *Outside In*. Inscribed on your custom critter plaque could be your family name, a child's name, your business or organization's name, the name of an Academy animal, or a great birthday tribute. You could even use your plaque to honor someone special. **The possibilities are endless!**

Customize Your Critter

Pick a size:

- \$150 Large Critter (35 characters)
- \$75 Small Critter (20 characters)

Pick a critter:

- Bunny
- Turtle
- Fish

What should your critter say?

Inscriptions must fit in the allotted characters. All spaces and punctuation marks count as characters. Any character on the keyboard may be used. For example, you may use “&” for “and,” or a dash instead of a comma and space. Unfortunately, if the character isn’t on a regular keyboard (a heart, for example), we are unable to inscribe it on your critter. The Academy reserves the right to edit Adopt-A-Critter text requests.

Small critter text: 20 characters

Large critter text: 35 characters

Adopt-A-Critter FAQ

How big are the Adopt-A-Critter plaques?

Turtle:

Large Turtle: 8"x4" with 35 characters of text

Small Turtle: 6.5"x3.3" with 20 characters of text

Bunny:

Large Bunny: 6"x6" with 35 characters of text

Small Bunny: 5"x5" with 20 characters of text

Fish:

Large Fish: 8"x5.5" with 35 characters of text

Small Fish: 6.5"x4.5" with 20 characters of text

Is my Adopt-A-Critter purchase tax-deductible?

Yes! Your Adopt-A-Critter donation is fully tax-deductible. You will receive a letter acknowledging your contribution within a week of placing your order.

Where will my critter be placed?

Critter plaques will be mounted to the central columns in *Outside In*.

How much can I write on a critter?

Inscriptions must fit in the allotted characters: 35 characters for large critters or 20 characters for small critters, including spaces and punctuation marks. Any character on the keyboard may be used. For example, you may use "&" for "and," or a dash instead of a comma and space. Unfortunately, if the character isn't on a regular keyboard (a heart, for example), we are unable to inscribe it on your critter.

All spaces and punctuation marks count as characters. The Academy reserves the right to edit Adopt-A-Critter text requests.

What should I write on my critter?

Create a message that is meaningful to you! You might choose a name, date, or phrase. No advertisements or websites please, and the inscription must be appropriate for a public place where children are present. Check out others' inspiring messages and get creative!

What if I want to change the text on my critter or get a larger size?

Changes can be made within three days of purchase by contacting Andrea Rowe, individual giving manager, at 215-299-1122 or rowe@ansp.org.

Can I designate the location of my critter?

Groups of critters can be placed together if they are purchased on the same day and you note in the comments field of the online order form that they should be grouped.

More questions? Contact the Office of Institutional Advancement at 215-299-1122 or friends@ansp.org
